Thank you, Kris! I appreciate the heads-up. My hope is that the up coming Court gearing will help clarify things for Mr. Pillon. I will let you know how it goes.

Good Morning Scott-

Jeff Fowlow informed me that Mr. Pillon has some additional matters now before the court, for potential violations of the recent court order. Mr. Pillon recently contacted EPA through Jeff, making claims regarding illegal search and seizure on his property. He mentions both EPA activity on the property and "the prosecutor". He also requested to speak with an EPA attorney regarding this matter. I emailed Mr. Pillon offering to set up a meeting and am waiting for a response from him. Going forward, I anticipate that EPA will be seeking to obtain its own access (whether on consent or under an order), as Jeff did for the recent site walk. I've attached the email from Mr. Pillon where he makes the claims regarding illegal search and seizure and EPA/state activities, just in case he brings any of this up in his upcoming hearing. Please keep us posted on the results.

Thanks,  
Kris
